

Our vinyl decking is the best vinyl decking in the industry. Not a composite decking. Our heavy duty vinyl decking will not absorb water and is slip and stain resistant! If you spill something on your vinyl decking, simply wash it off! Walk on it barefoot during the hottest day of the summer as it stays cool to the touch. No more stains, splinters or ugly scratches as normal with composite decking. Water is channeled with our patented channel lock vinyl decking system which allows our vinyl decking to remain water resistant. Super easy to install!
